

What You Need to Know about Overdrafts and Overdraft Fees

An overdraft occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdraft in two different ways:

1. We have **standard overdraft practices** that come with your account.
2. We also **offer overdraft protection plans**, such as a link to a savings account, which may be less expensive than our standard overdraft practices. To learn more, ask us about these plans.

This notice explains our standard overdraft practices on and after September 1, 2020.

What are the standard overdraft practices that come with my account?

We do authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Automatic bill payments

We do not authorize and pay overdrafts for the following types of transactions unless you ask us to (see below):

- ATM transactions
- Everyday debit card transactions

We pay overdrafts at our discretion, which means we do not guarantee that we will always authorize and pay any type of transaction.

If we do not authorize and pay an overdraft, your transaction will be declined.

What fees will I be charged if Varsity pays my overdrafts?

Under our standard overdraft practices:

- We will charge you a fee of \$30 each time we pay an overdraft.
- Overdraft service charges paid are limited to 6 per day.

What if I want Varsity to authorize and pay overdrafts on my ATM and everyday debit card transactions?

If you also want us to authorize and pay overdrafts on ATM and everyday debit card transactions, you must opt in by checking the applicable box.

You may revoke your consent at any time. If you change your mind at a later date, please call our Customer Contact Center at 888.9 (888.982.7748).
